

Financing & Leasing Solutions for the Food Processing Industry

Having the latest technology and equipment can help you stay competitive. Ascentium Capital provides innovative equipment financing solutions that help you grow your business:

Finance New, Used or Refurbished Equipment:

- Competitive financing up to \$2.0 million¹
- Convenient terms up to 84 months
- Finance agreements, leases & small business loans
- Deferred payment options
- Potential tax savings

Plus: Avoid upfront costs. Our 100% financing program allows you to bundle costs such as installation, shipping, tax and other items.

Fast. Flexible. Financing.

Application-only financing
up to \$250,000 with most credit
decisions within minutes!

Our consultative approach will help you develop a cost-effective way to finance the equipment you need. If you're not purchasing now, ask about pre-approval.
